

Alternate Choices To Tax Hike Listed

(Continued from Page 1)
 than 75 cents at this time." He pressed an earlier suggestion for an initiative measure to force the state to match local funds 50-50 for education, but drew a quick reply from Mrs. Watts.
 "An initiative is desirable," Mrs. Watts, "but it is no substitute for financing Torrance schools now, and 75 cents is not adequate."

SEEKING answers on a variety of questions, one member of the audience, George Keller, finally told the board, "If you need the money, say so. For God's sake, I'll support you." Other members of the audience responded in much the same fashion.

Dr. J. H. Hull, superintendent of schools, recommended an override and was supported by members of the Torrance Education Assn., the South Bay Federation of Teachers, and Local 1101, representing the district's classified employees.

Presented with the possibility of increased taxes or curtailed school services, many members of the large audience wanted to know what would be cut.

DR. HULL cited kindergarten classes, increased class size, limited bus service, library services, counseling services in the high schools, and vocational subjects as areas where cuts might be effected. The superintendent said savings could be effected in each area, but the quality of the district program also would suffer.

Dr. Hull said he felt his recommendation was "rather conservative and reasonable." In what may prove to be a most unusual twist for matters where taxes are involved, Robert Sanders told the board,

"You're thinking too small. That's the trouble with the whole community," he added. "You should be thinking of adding new programs instead of cutting back. Let's do everything possible to give a good education, even if it hurts the pocketbook."
 Following the meeting, Dr. Hull told THE HERALD, "We will do our best to operate within the 90 cents if the people vote for it." Lynn said he felt now that the decision had been made, "it is imperative that there be unanimity among the board."

COST OF the increased tax, if passed, to the average taxpayer, said Dr. Hull, will be somewhere near \$25 per year above the current tax rate. If passed, the new tax would boost the maximum tax rate in Torrance to \$3.30 per \$100 assessed valuation, highest of the unified districts in the southwestern area. Torrance would rank 9th among the 34 unified districts in Los Angeles County.

Throughout the long debate on the amount of the tax, population has been cited as a major factor in the cost of operating the school district. The city now has a population of 120,000 and the average age is near 26 years. Nearly 27 per cent of the city's residents are enrolled in the public schools.

Insurance Men Attend Meeting

Russell T. Graser and James R. Poindexter, associate managers of the Torrance office of the Life Insurance Co. of Virginia, were selected to attend the company's 38th staff management school held in Los Angeles.

Coffee Wants GOP to Pick Man at Polls

Opposition to an uninstruc-ted delegation to the Republi-can National Convention next year has been voiced by Tom Coffee, member of the Los Angeles County Central Com-mittee and one time candidate for Congress from the 17th District.
 "This would be detrimental to Republican interests in California as Governor Brown's uninstruc-ted delegation was to the California Democrats in 1960," Coffee said.
 The only way to have a strong party is to have the voters make their choice at the polls," he said in a state-ment released this week.
 "There is no place for king-makers in a proper political system," he added.
 Coffee said most workers and financial supporters he had contacted favor Senator

Goldwater. Rockefeller, he said, does not have "appreci-able strength in this state." An uninstruc-ted delegation would not demonstrate the strength of California Republicans, ac-cording to Coffee.
 Army PFC William R. Hor-ton, whose mother lives at 4118 Via Lado, was assigned in mid-September to Operations Com-pany, 4th U. S. Army Security Agency in Ethiopia.

Road Work Set In Lomita Area

Improvement of Lomita Boulevard at Narbonne Ave-nue under a \$10,000 county allocation is nearing comple-tion, reports Supervisor Burton W. Chace.
 The project includes new curbs, gutters, and catch basins. Lomita Boulevard is a county master plan highway.
